

## IDGS: Clinician Non-Direct Check List

- \_\_\_\_\_ Therapy can only be at the paid out at the 90% outlined in OTPS grid (back)
  - This is based off the professional's credentialing not services provided
  - This is based off of an hour of service- if session invoice is less we need to calculate the hourly rate
  - The invoice **cannot** exceed the amount outlined by Medicaid- if it does we cannot pay any portion of it
  
- \_\_\_\_\_ Obtain and run the providers credentials to assure they are licensed/registered through <http://www.op.nysed.gov/opsearches.htm>
  - If their registration does not come up through this site they can't provide the services
  
- \_\_\_\_\_ Therapy plan written by the therapist- this must be provided prior to reimbursement
  - This should include an evaluation, long and short term goals and how they are going to reach them
  
- \_\_\_\_\_ Annual progress note with recommendation to continue therapy- this should be written and signed by the therapist
  
- \_\_\_\_\_ Invoice for services stating individuals name, amount of sessions, length of sessions, cost per session and proof of payment- **This is what is uploaded in eVero for reimbursement**

All documentation needs to be updated annually or when the therapist changes
